- (1) The purpose of this Act is to resolve further matters relating to the reorganisation of local government in Auckland begun under the Local Government (Tamaki Makaurau Reorganisation) Act 2009 and continued under the Local Government (Auckland Council) Act 2009.
- (2) To this end, this Act—

4 Application of Acts and Regulations Publication Act 1989 and Regulations (Disallowance) Act 1989

Subpart 1—Preliminary matters

6 Overview of this Part

- (1) Subpart 2 of this Part sets out how the Auckland Council and its subsidiaries must conduct themselves in relation to specific matters during the first few years of their existence. It supplements the Council's own legislation (the Local Government (Auckland Council) Act 2009) and local government legislation in general. However, whereas that legislation is enduring,

the provisions in this subpart are transitional and so apply only for as long as specified or until a certain event occurs.

- (2) Subpart 3 of this Part sets out how other local authorities affected by the reorganisation of local government in Auckland must conduct themselves in relation to specific matters during the first few years after the reorganisation. As with subpart 2, this part is a supplement to local government legislation in general and applies only as long as specified or until a certain event occurs.
- (3) This section is only a guide to the general scheme and effect of this Part. It does not affect the interpretation or application of the other provisions of the Part.

- (6) A rates assessment for the 2011/2012 financial year does not have to contain any of the information required by section 45(1) of the Local Government (Rating) Act 2002 that does not apply in the area of the rating unit to which the assessment relates.

*Mechanism to adjust significant changes
resulting from Council moving to single rating
system*

39 Purpose of sections 40 to 43

The purpose of sections 40 to 43 is to provide a mechanism by which the Auckland Council may manage any significant changes in rating liability during the 3-year period beginning on 1 July 2012 and ending at the close of 30 June 2015 arising from the reorganisation (and the resultant creation of a single rating system for Auckland).

40 Interpretation

In sections 41 to 43,—

change limit means the maximum change in rating liability permitted in relation to a rating unit in a rating year as set out in any Council policy made under section 41

current rates, in respect of a rating unit, means the rates assessed in accordance with section 43 of the Local Government (Rating) Act 2002 for the rating unit in a particular rating year

previous rates, in respect of a rating unit, means—

- (a) for the 2012/2013 financial year, the rate assessed for the rating unit under section 33 of this Act in the 2011/2012 financial year:
- (b) for any other rating year,—
- (i) the rates assessed for the rating unit in accordance with section 43 of the Local Government (Rating

- Act) 2002 in the immediately preceding rating year; or
- (ii) if applicable, the rates liability for the unit under section 42 of this Act in the immediately preceding rating year

rating year means the following financial years:

- (a) the 2012/2013 financial year:
(b) the 2013/2014 financial year:
(c) the 2014/2015 financial year

unchanged rating unit, in respect of a particular rating year, means a rating unit that, compared with the immediately preceding rating year, is unchanged in terms of the information to be used for setting and assessing rates for the rating unit. For the purposes of this definition, the following are not changes in information:

- (a) a change resulting from the valuation required by section 18B of the Reorganisation Act; or
(b) a change resulting from an objection under section 29 of the Local Government (Rating) Act 2002; or
(c) a change resulting from a correction under section 40 of the Local Government (Rating) Act 2002; or
(d) a change resulting from the implementation of a decision of the Land Valuation Tribunal under section 39 of the Rating Valuations Act 1998.

41 Council may have rates transition management policy for 3-year period commencing 1 July 2012

- (1) The Council may include in its long-term council community plan for the period commencing 1 July 2012 a rates transition management policy.
- (2) The policy must identify the change limit for each rating year, being the maximum change in rating liability permitted under the policy in relation to an unchanged rating unit in a rating year.
- (3) The change limit may be—
- (a) uniform (so that the same change limit applies to increases and decreases in rating liability); or
(b) differential (so that the change limit that applies to increases in rating liability is different from the change

limit that applies to decreases in rating liability), but only if the difference is calculated so that the expected net impact referred to in subsection (5)(c) is zero.

- (4) The change limit may be an actual amount or a proportion of the previous rates, or both, and, if a differential change limit, the positive and negative components may differ in amount or proportion, or both.
- (5) The policy must also describe the estimated impact of the policy, for each rating year, in terms of—
 - (a) the proportion of rating units for which the policy will result in a reduction in rates liability, and the expected range of reductions; and
 - (b) the proportion of rating units for which the policy will result in an increase in rates liability, and the expected range of increases; and
 - (c) the expected net impact of the policy on the Council's rates revenue.
- (6) Section 102 of the Local Government Act 2002 applies to the policy as if it were a policy listed in subsection (5) of that section.

42 How Council must apply rates transition management policy

- (1) This section applies to the calculation of rating liability for rating units within Auckland if the Council adopts a rates transition management policy under section 41 of this Act.
- (2) If the current rates on an unchanged rating unit in a rating year differ from the previous rates for the rating unit by more than the change limit specified for the rating year, the total rating liability for the rating unit for the year is—
 - (a) the previous rates increased by the change limit, if the current rates are higher than the previous rates; or
 - (b) the previous rates reduced by the change limit, if the current rates are lower than the previous rates.
- (3) The adjustment in rating liability described in subsection (2) must be—
 - (a) separately and clearly identified on the rates assessment and rates record for the rating unit; and

- (b) accounted for separately as if it were a rate itself.
- (4) A rates assessment under section 45 of the Local Government (Rating) Act 2002 for a rating unit to which subsection (2) applies must also include the following information (in addition to the information required under section 45):
 - (a) an explanation of the Council's rates transition management policy; and
 - (b) clear identification of the amount of rates payable in respect of the rating unit (having applied the policy).

43 Local Government (Rating) Act 2002 otherwise applies

- (1) Except as modified by sections 41 and 42 of this Act, the Local Government (Rating) Act 2002 otherwise applies to rates assessed in the 2013/2014 and 2014/2015 rating years by the Council.
- (2) Except as modified by sections 38, 41, and 42 of this Act, the Local Government (Rating) Act 2002 otherwise applies to rates assessed in the 2012/2013 rating year by the Council.

 - (3) If there is any inconsistency between a policy made by the Auckland Regional Council and a policy made by any of the other existing local authorities, the policy made by the Auckland Regional Council prevails.

- (1) The initial allocation of decision-making responsibility for the non-regulatory activities of the Council between the Council's

governing body and its local boards included in the planning document prepared by the Transition Agency under section 19A of the Reorganisation Act must be treated as the baseline allocation by the governing body of those responsibilities under section 17 of the Local Government (Auckland Council) Act 2009 until the Council adopts its long-term council community plan for the period beginning 1 July 2012.

- (2) To avoid doubt, the governing body of the Council may, before adopting its long-term council community plan for the period beginning 1 July 2012, make further allocations of decision-making responsibility in favour of 1 or more local boards, but otherwise must not remove or alter any allocation to which subsection (1) applies.
